

## **GOSSIP CORNER (21jun21)**

**As told by Uncle**

TRUPISS: Trudy

TOPISS: Topy

UNCLE: Topy's husband Roland Schupbach

### **Antoinette's Australia Excursion**

As a 16-year old, her mother in Christchurch (New Zealand) suggested she visit their relatives in Victoria (Australia). So she visited Glenlyon and Bacchus Marsh, where she instigated a sexual love affair with a relative. At first Uncle said he didn't know who the relative was but hinted it might have been Antoon. When Antoon figured out it could have been Michael (as he managed to have sex with Antoon's new wife on their honeymoon - while living with his wife Wendy), he claimed it was NOT Michael. So Uncle DOES know who it was. Guess Antoinette also knows...

Some 30 years later, when the 'ME TOO' movement became popular, and still feeling guilty about the affair, she told her mother about it and blamed Uncle, accusing him of rape. Subsequently her mother told everybody about it including her children and those of ToPISS, all who refused to talk with Uncle for a year and a half. Only later TruPISS told ToPISS herself who then confronted Uncle who denied any knowledge of the alledged affair, not having been in Australia that time.

One time Uncle confronted Antoinette but she denied having said what her mother told ToPISS. ToPISS tried to get the truth out of TruPISS, but holes in the story persisted. Eventually TruPISS broke off their friendship permanently.

TruPISS is known for spreading evil false gossip about her own close relatives, in particular about Antoon. Uncle refers to her as the

*'Spreader'*.

### **THE GUESSING GAME**

As part of the story, Uncle told Antoon of skinny dipping sessions at the Selwyn School pool and Brighton Beach together with Antoinette and a mystery Auntie who was later identified as Hanny (some 30 years ago). This is rather interesting as at the time both Uncle was married to ToPISS and Hanny was also married. Perhaps TruPISS got confused about the threesome?

### **WHAT PROMPTED THIS CONVERSATION**

Antoon asked Uncle what had prompted TruPISS and ToPISS to stop talking together, and subsequently just what TruPISS had told ToPISS, for ToPISS to burst out at Uncle (and not talk to him for a long time). Antoon believed that would indicate just how fucked up TruPISS brain is and might suggest just what she had gossiped about Antoon years earlier, resulting in estrangement between Antoon and his relatives in Australia. To this date Antoon still does not know and nobody is telling him...

Whereas Uncle agreed to tell Antoon, he stopped short of actually telling what ToPISS told him, instead started verbally abusing Antoon telling him "it's none of your business" (following ToPISS line to him "It has nothing to do with him"), and telling him "to keep out of it". Perhaps same reason why ToPISS and TruPISS stopped talking. Must have been some very nasty stuff... fuelling speculation. Did Antoinette fall pregnant resulting from that affair? Who is Solomon's biological father? A relative? Uncle? TruPISS remains absolutely silent about it.

TruPISS always declined to talk about Antoinette and refused Antoon to join her and Hanny on a trip to visit Antoinette in Hamilton, citing a variety of conflicting excuses. Very strange indeed.

Without giving a reason, Uncle told Antoon that Antoinette said that she wants nothing to do with Antoon (adding no idea why), clearly relying on

shit gossip from her mother as Antoon never had any communication with Antoinette. Surely Uncle would have asked her why??? Or Uncle was telling this to Antoon just to piss him off...

**Sorry TruPISS... you gossiped evil shit to everybody affecting Antoon, so expect some karma!**

Keep in mind that this website was first created YEARS AFTER TruPISS did all the gossiping and was in response to her persistent silence and ToPISS booting him out of the family for asking for a discussion.

**BOTTOM LINE:**

**Once again, hostility everywhere in the family.**

\* \* \*

To Uncle Roland: Antoon understood that his email exchanges with you were confidential, but it turned out that you were freely sharing them with both TruPISS and ToPISS. Even asking them what you should reply to him! So who was REALLY doing the spreading ??? Betrayal is rife with this mob. So Antoon downloaded the emails from the server, for reference.

And a big '**Thank You**' for scaremongering him out of important surgery just days before he was due and for which he had been awaiting for years, on the basis of a bike riding friend's surgery which turned out to be a different procedure for a different issue.

Stay out of medical 'advice' (implied or explicit) as you know fuck-all about that.

Then you talked shit to TruPISS, claiming that Antoon became very shitty with you and that he demanded an explanation why TruPISS and ToPISS don't see each other any more. He clearly explained his reasons to you. Further below you can read evidence to the contrary.

**TruPISS 19/07/2021:**

*Good morning Toon, Let's put things straight. I know from Roland that you two have been writing to each other, very nice, until apparently you became very shitty and you demanded an explanation why Cats and I Don't see each other any more. That has nothing to do with you and I am not obliged to tell you, for the very reason, it has nothing to do with you.*

Antoon did not ask TruPISS anything, and he demanded nothing from Roland. Instead, it is Roland who became shitty. And Antoon never showed interest in any "gory details" (Roland's words). "Gory details"? Roland seems to know a lot about the "details".

Roland, you better take care, don't hang out with school girls for "FUN" (as you put it), and be careful about your young neighbour with long blond hair (too young for you and she is married - albeit recently separated).

Your later feedback on this website (contradicting your earlier comments) shows a sinister motive:

**21/06/21 (Roland to Antoon):**

*Even me, uneducated and with no feelings for other people as you said lol...can see that there is something very wrong with that Website if it creates so much hateful Feelings.*

*"Let's be kind and love one another instead, so much simpler and more beneficial and costs nothing."*

And did you tell the same to ToPISS and TruPISS? If you did, it surely did not help.

You got things arsed about. That website was created LONG AFTER the "hatefull feelings" were created by ToPISS and TruPISS.

**21/06/21 (Roland to Antoon)**

*And now, after we here have things sorted, the Whole crap behind us for 6 month now and are fine, except the P's (which will be solved eventually I know from previous times.)*

*Now you want to stir everything up again and damage Families just to get what you want.*

Nothing Antoon wanted to stir up. What the fuck is wrong with you? He asked about his sisters and you start telling him a bizarre story about skinny dipping, and Antoinette having sexual relations with a relative in Australia, deliberately keeping him guessing... even suggesting it might have been Antoon who in turn suggested Michael - but suddenly you 'knew' it was NOT Michael - so you knew who it was but you're not telling. But never coming up with a straight answer. NO NEED FOR GORY DETAILS. Roland, you're fucking crazy.

Also habitually saying that you 'clearly' stated this and that, but in fact you did not.

**20/06/21 (Roland to Antoon)**

*Amazing how nobody from the Verplak's won't have anything to do with you anymore.*

*May..oh may.....I wonder why!!!!*

Purpose of this???

**Here is the email chain where ROLAND started to get shitty (quoted because Roland told TruPISS that Antoon got shitty - and it's noted that the words "has nothing to do with you" are verbatim with what both ToPISS and TruPISS said):**

**20/06/21 (Roland: Blue, Antoon: Green)**

*Clearly stated that it was not Micheal.*

*So don't start stirring the Plot further.*

*And all this has nothing to do with you at all, so keep out of it.*

*Also, we agreed to delete things, but I noticed you don't... "Rule of Friendship" broken.*

*I'm on a nice Music Sabbatical...much more FUN.*

*Sent from my iPad*

And now the question may well be asked to Uncle... was it YOU who in reality raped Antoinette? Or coerced her into having sex with you? While married to and living with ToPISS?

A number of skinnydipping sessions with Antoinette... and with Hanny (also married)? Really?

Why else would ToPISS not talk with you for over a year?

Why would you wait over a year to talk with Antoinette about this?

Why do you believe Antoinette just because you talked with her?

Did you really talk with her?

You have proved to be good at massaging stories... but they make no sense. Sounds like a load of bullshit, a cover-up.

Are you worried you might be exposed?

In fact, there is quite a lot of evidence that you have a thing with young girls, and immoral activities. A criminal psychologist will tell you that a guilty person often attempts to deflect the guilt onto another person...

I understand if you have some issues, after all, sex life with ToPISS would not have been very exciting, or even meeting basic human needs.

---

PS: You really should wash out those coffee cups properly, next time visitors come... At the time ToPISS told me not to mention anything, but in YOUR best interest I mention it now. But perhaps you refer to your

cups as "just fucking cups", like your house is "just a fucking house".

**Uncle, you should not tell a long story then refuse to answer the question!!!**

## **A look at Uncle Roland:**

- \* Various skinnydipping sessions with Antoinette (about 15-16 y/o that time), as claimed together with Hanny (also married that time, visiting NZ???) at the Selwyn Street school pool, and also at Brighton Beach at night.
- \* Antoinette's alledged sexual relations with Uncle Roland. The alledged trip to Australia might be a deflection invented by Uncle Roland to point the blame elsewhere.
- \* Uncle Roland developed an intimate relationship with Hanny (his wife's youngest sister), this having caused huge problems in the family, and as a result Hanny was turfed out of ToPISS' life (but not Roland).
- \* Uncle Roland likes his neighbour's young wife, loves her hair in his face.
- \* Uncle Roland likes his daughter's school friend, referring to their visits to him as "FUN FUN FUN".

Looks like the bigger picture is becoming clear. Uncle Roland was instrumental in ripping the family apart with his passion for his wife's sister... and the sex with his niece, now the lies to Trudy about Antoon (brother-in-law)...

A man without self-respect (his home is considered "just a fucking house" and the dirty cups served to his visitors) cannot respect others - as has been very evident.
